No pain, no pathology?

Devesh Sharma, Abha Govind.

BMJ Case Reports published online 26 October 2012.

There is an error in the 'Investigations' section of the paper. In the last sentence of this section the expansion of MSSU was incorrect. It should read as follows:

'The formal mid stream specimen of urine (MSSU) microscopy showed WBC 125, red blood cell count 1, epithelial cells 33 but there was no significant growth on culture.'
