Correction

Knudtzen FC, Lynge M, Gaini S. Pontine abscess with initial treatment failure following infectious endocarditis with *Streptococcus salivarius*. BMJ Case Reports 2015; doi:10.1136/bcr-2014-205949

This article incorrectly states that the patient received treatment with Ceftriaxon 4g four times daily. The correct treatment was 4g Ceftriaxon once per day.

*BMJ Case Rep* 2015. doi:10.1136/bcr-2014-205949corr1
