Correction

Nash E, Ranka P, Tarigopula G, Rashid T. Primary hyperparathyroidism in pregnancy leading to hypercalcaemic crisis and uraemic encephalopathy. *BMJ Case Rep*. Published online: 27 Mar 2015. doi: 10.1136/bcr-2014-208829

The units for serum creatinine are incorrect in this article. The line 'Her renal function showed creatinine 280 mmol/L and urea 9.5 mmol/L.' should read:

Her renal function showed creatinine 280 μ mol/L and urea 9.5 mmol/L.

Additionally, the line 'However, 1 week later, the pain reoccurred, her urine output decreased and her renal function deteriorated again (creatinine 220 mmol/L, urea 9.5 mmol/L).' should read:

However, 1 week later, the pain reoccurred, her urine output decreased and her renal function deteriorated again (creatinine 220 μ mol/L, urea 9.5 mmol/L).
